

EMERGENCY SHELTERS

How are they activated?

1

Activation Order Issued

Emergency Shelters will only be activated when an official order is issued by the CEO of the relevant Municipality

2

Shelter Management is Notified

Staff is prepared for the intake of distressed individuals and families.

3

Surveying the Grounds

Before opening the shelter the building needs to be determined fit for holding persons.

4

Supplies are Stocked

Essential items such as bedding, food, water and first aid will be stored in the shelter for immediate use based on a standardized checklist.

5

Shelter Opens and Registration begins

Once approved, the shelter opens and the registration process begins for those seeking refuge.
